Application for Teacher Education Program Workshop July 28th & 29th 2020 at University of Missouri-Columbia

All teachers actively teaching at a school in the Howard Electric Cooperative area are eligible to apply for the scholarship. Preference will be given to those teaching Middle School or High School Science or Agricultural Science. The scholarship will cover all expenses including tuition, meals, instructional material, and lodging if needed. Three scholarships will be awarded by Howard Electric Cooperative.

The focus of this continuing education course will be energy. The workshop will feature speakers from the University of Missouri – Columbia and industry experts. Participants will earn one graduate hour from the University of Missouri - Columbia. An additional graduate hour, not awarded by the scholarship, can be earned upon completion of additional course requirements.

Name: _____
